Platinum Pebble Inn receives Boston Magazine's 'Best of Boston 2012' award

Published on Friday, August 03, 2012

The Platinum Pebble is an award winning eight-room Boutique Inn located close to the beach in the picturesque harbor village of Harwich, Cape Cod. Luxuriously renovated, it boasts a unique upscale contemporary interior design that stands it apart from other traditional Cape Cod inns. It offers clean lines, elegance and luxury within an historic 1800's sea captain's house. All eight rooms have large custom designed en-suite bathrooms, air-conditioning, free Wi-Fi, TV/DVD players and iPod docking stations. Larger rooms have soaking tubs, gas fireplaces and separate outdoor space. The inn is set on a quiet wooded lot in a residential neighborhood and has a large 20' x 40' swimming pool. The innkeepers, Annabelle & Simon Hunton are English and, having traveled extensively, understand the detail needed to provide excellence in service.

At a gala event in Boston on 31 July, The Platinum Pebble Boutique Inn was the recipient of Boston Magazine's "Best of Boston 2012" award for "Best Hotel/Inn on Cape Cod". For this top accolade to be won by an 8 room Bed and Breakfast is highly unusual and testament to the inn's chic interior design and conviction to customer service excellence. The prestigious award topped a notable night for Harwich as the only other lodging recognized for Cape Cod was The Wequassett Resort also winning a "Best of Boston" award. Boston Magazine's annual "Best of Boston" selections are widely regarded as the preeminent guide to the premier spots in and around Boston.
